**SUGGESTION TO THE PANEL ON MULTIDISTRICT LITIGATION (“THE PANEL”)  
CONCERNING FUTURE TAG-ALONG TRANSFERS**

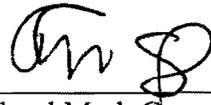

The Court hereby suggests that the Panel decline to transfer and consolidate any additional tag-along cases to MDL No. 2502. All general discovery has been completed in this MDL, and case-specific discovery has been completed in two bellwether cases. The Court has ruled on all Rule 702 *Daubert* motions that are applicable to all cases in the MDL as well as all case-specific Rule 702 *Daubert* motions in the two bellwether cases. The Court has ruled on all pending motions to remand, granted summary judgment in the two bellwether cases, and granted an omnibus motion for summary judgment applicable to all cases pending in the MDL on January 25, 2016. The Court has entered an order to show cause why summary judgment should not be entered as to the remaining cases that became a part of this MDL after January 25, 2016. Therefore,

**IT IS HEREBY SUGGESTED THAT** after January 4, 2017, the Panel decline to transfer and consolidate tag-along cases to MDL No. 2502.

//

**AND IT IS SO SUGGESTED.**
